

## Morning routine

### Inside

1. Verify the small chicks have food and water
2. Count the small chicks
3. Verify the large chicks have food and water
4. Count the large chicks

Outdoor check for snakes are cage breech.

1. Bring 6 scoops if outdoor feed and bottle of water to outdoor coop.
2. Check the rooster food and water. He gets about 1/2 to 3/4 a scoop in his dish.
3. Check the food under the platform only a little, a scoop needs to be in it or added.

4. The rest can go in the blue food feeder.
5. Clean outdoor waterer. Drain hole to the opposite side of splashing through the fence.
6. Add water if none in reservoir, fill half full. Place between legs or just outside.
7. Clean blue waterer if needed
8. Check blue waterer by weight, fill with bottle if needed.
9. Remove waste from nesting boxes.
10. Remove nesting pan and clean under tree with weed broom, then replace pan.
11. Check for eggs.
12. Done

## Midday Check on chicks and chickens

### Evening routine

#### Inside

1. Verify the small chicks have food and water
2. Count the small chicks
3. Verify the large chicks have food and water
4. Count the large chicks

#### Outdoor check for snakes are cage breech.

1. Bring 5 scoops if outdoor feed and bottle of water to outdoor coop.

2. Check the rooster food and water. He gets about 1/2 to 3/4 a scoop in his dish.
3. Check the food under the platform only a little, a scoop needs to be in it or added.
4. The rest can go in the blue food feeder.
5. Clean outdoor waterer. Drain hole to the opposite side of splashing through the fence.
